Paulino R. e Silva

curriculum vitae

English version

Paulino R. e Silva is Brazilian, married, 37 years, lawyer, network consultant, passionate Developer and Blogger. Graded in Law and Computer Systems by Pontificia Universidade Católica do Paraná and Universidade Santa Cruz. My specialty is digital security in legal and technical aspects. Certified by Beckman Center for Internet & Society at Harvard Law School and by SANS (System Administrators and Network Security).

Certified Project Management Professional (PMP), I've knowledge in many projects and development tools (T.I.C (technology and communication) B.I. and Management).

Former president of ABDTI (Associação Brasileira de Direito & T.I.), I run projects at Directnet, a company inside the Fundação Getúlio Vargas (FGV-Rincubator, where are developed integrated solutions of public utility

My goal is to coordinate interests and develop strategies in order to obtain results and solve common problems.

- Flash (FAU Macromedia);
- ACE (expert and developer),

Linux

- RedHat (RHCT, RHCE)
- LCT

Project Skills

- PMP® - (Project Management Professional at PMI "Project Management Institute)
- ITIL, Cobit, CMM
- MSPProject

GBA's

- Time Management
- Teams Coordination
- Project Management
- Lung and Asset Project Management

Development Skills

- (X)HTML /CSS and W3C -XML - DHTML
- and JavaScript
- Java (Hibernate, Struts, JPA, ME),
- C, C++, Pascal, Delphi, and UML
- FLASH, FLEX, ActionScript,
- WEB: PHP, Delphi, (WordPress,
- XooActiops, Drupal, Joomla);
- DATABASES: MySQL, Oracle, PostgreSQL e MSSQL).
- Search Engine Optimization (SEO)/SEM - WebMarketing

Education

2005-2007

MBA in Project Management at Fundação Getúlio Vargas (FGV/PR)

2003-2004

Specialization in Internet Law at Berkeley Law School at Harvard University

2000-2002

Graduated in Data Processing and TI at Santa Cruz University

1996-2002

Graduated in Law at Pontificia Universidade Catolica do Paraná (PUC/PR)

1990-1992

Administration (technical) - Colégio da Policia Militar (Military Policy College)

Professional Experience

Connectware Telco Ltda

Position: Development Director / Partner

From: Jan.2005 to nowadays

Responsibilities: IT Projects Development, researchers support, fundraising, teams coordination, development and performance reviews.

Directnet TI Ltda

Position: Owner

From: Jan.1997 to oct. 2009 (the company stills exists, but it's inactive)

Responsibilities: Assembly, structuration and of Internet Access Providers management (including the Directnet), Patents (creation and analysis), Contracts, IT consulting and support (UNIX, NT and CISCO configurations), Customers Support and Web Development.

Employer Org. de Recursos Humanos (Human Resources Org)

Position: Network Administrator

From: Jan.1996 to Dec.1996

Responsibilities: Assembly, structuration and management of Internet Access Provider (Staffnet), Intranet and Extranet coordinator; Customers Support, UNIX, NT and CISCO configurations, Database Implementation (Data Flex, Oracle), Customers Support and Network Security.

Ministério do Trabalho - DRT PR (outsourced)

Position: Technical Assistant II

From: Jan.1996 to Dec.1996

Responsibilities: Issuance, control and verification of Labour Evidence Booklet (a mandatory work document "carteira-de-trabalho") . Validation and release of unemployment insurance. Public attendance.

Personal Achievements

Twice President & Vice-Presidente of Academic Center of Law (PUC-PR - CASP);

Vice-Presidente of Students Directory (PUC-PR);

Creator of two OCIPS: ABDTI (Brazilian Information Technology & Law Association) and ONDE (National Strategic Development Organization);

AMALAGO Co-Creator - an NGO (Mario Lago Environmental Defense Association);

Author and developer of CellPark: An integrated solution for public-administration, in tests in several Brazilian cities and valued at approximately U.S. \$ 16,500,000.00. This solution was awarded several times and has many derivations.

Personal Interests

Visual Private Pilot (PPVFR) - Amateur Diver certificate by PADI, CDPAS, CDMAS, NAUI and CBPDS. Sports enthusiast, I was Muay Thai practitioner for 16 years - time where I also practiced karate and a series of martial arts. I always look for challenges, love to play chess and I'm a compulsive reader (and writer).

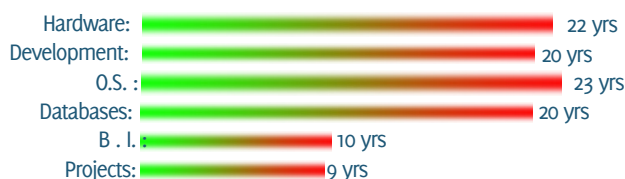

Eager beaver technology enthusiast I've published several articles and interviews about Internet Law, Digital Security, Projects and Information Technology in newspapers, magazines and specialized web sites. I also manage 5 personal blogs; The mos popular had about 2 millions visitors (all non sponsored).

▶▶ Technical Summary

Assembled the Directnet and some others ISP's and built many other systems for internet and intranets. Assembled and managed networks of all sizes. Acquainted with system administration with UNIX, Linux, Windows NT and compatible platforms, develop client/server solutions with C++, Java (J2EE, J2ME, JSP, Struts, and JMS), Pearl, Brew, VB, Delphi, HTML/XML/DHTML/PHP and ASP. Develops systems with Macromedia Flash - as 'Certified Macromedia Flash Developer - Director, Contribute and Notes. With good knowledge in ERP and SAP platforms, gave training in ABAP at Accenture in Curitiba/PR. Certified by PMI, has managed projects with PMBOK, UML and CORBA.

Description of the level of knowledge

1	Has basic knowledge necessitating regular supervision in product delivery and activities in progress. Performs tasks with low complexity.
2	Sufficient knowledge to prioritize activities with moderate supervision, which supports and guides in solving problems. Performs tasks of moderate complexity.
3	Has knowledge and previous experience to develop tasks with limited supervision. Take initiative in solving problems, working efficiently and effectively without constant supervision. Knowledge enough to play the day to day tasks, reports only the key issues.
4	Address and answer most customer questions and others under their responsibility with minimal supervision. Only reports issues with a high level of criticality.
5	Quickly identifies, analyzes issues and suggests improvements for critical and complex business, being recognized as an "expert" in-house and the market. Creates new methodologies, tools, solutions.

▶▶ Significant Projects

Project Name : *CELLPARK*

Client : *Traffic Department in Curitiba, São Paulo and Rio de Janeiro.*

duration : *72 months (final fase of implementation)*

Role : *author of the project*

Environment : *PMBOOK,UML, C++, SQL, J2EE, J2ME, STRUTS, DHTML, PHP e JSP.*

Start date : *02/05/2003 (mm/dd/yyyy)*

End date : *(mm/dd/yyyy)*

Description : *It is a set of solutions that integrates a Process of Control, Release and Maintenance of Rotating Urban Parking with the help of the cellular telephone. It permits the users to locate, park and pay the parking of their vehicles using the cellular telephone and offers more logistic control to the public administration with a large number of advantages.*

More details at <http://www.cellpark.com.br/cellpark/presentation.htm>

Responsibilities: *Authorship, coordination and execution.*

Project Name : *StaffNet | Disk-Internet*

Client : *Employer Org. de Recursos Humanos*

Duration : *8 months*

Role : *author of the idea and solution.*

Environment : *Operational systems Unix/Linux, databases Oracle and DBM2, JSP, ASP, C++ and PEARL.*

Start date : *02/01/1996*

End date : *10/01/1996*

Description : *This project was developed to provide internet access and services, over dial-up, without the necessity of a previous contract with the Internet Provider. A special line of telephone (similar with the toll-free- 0800) and an URA (Unity of Audible Recognizing) gave to the users the possibility of using the internet and buy products and services paying through their telephone bills or using a prepaid card.*

This system was adapted and today is used in some Free Internet Providers to allow that some services or content be rewarded.

Responsibilities: *Technical supervising of the project, system administration and development of management software.*

Project Name : *IUPNET*

Client : *Di1000net Telecom Ltda.*

Duration : *6 months*

Role : *Solutions developer*

Environment : *LINUX, Apache, C++, PostgreSQL, PHP, DHTML and Macromedia Flash.*

Start date : *03/01/2000*

End date : *09/01/2000*

Description : *Description : This is a group of solutions to the Internet Public Access, offered in several points in personalized public computers. It integrates from the PIM generator, prepaid card logistic and system of management to several personalized services to the users.*

Responsibilities : *Configuration of the Internet Provider, development of management tools and creation of personalized services to the users.*
